

KidsLoop App

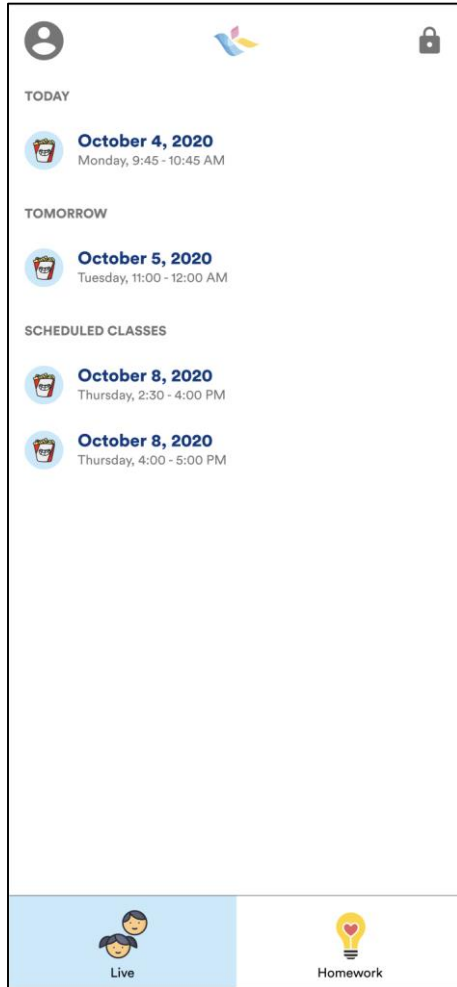

Available for
Android and iOS

A screenshot of the KidsLoop app's sign-in interface. At the top is the KidsLoop logo. Below it is the text "Sign In". There are three social login buttons: "Sign in with Facebook" (blue), "Sign in with Google" (white with Google logo), and "Sign in with Apple" (black). Below these is a horizontal line with "OR" in the center. There are two input fields: "Email or Phone *" and "Password *". Below the input fields is a blue "Sign In" button. At the bottom of the form area is a light blue bar with the text "No account yet? [Sign up](#)". At the very bottom of the screen are four small dots, with the rightmost one being filled.

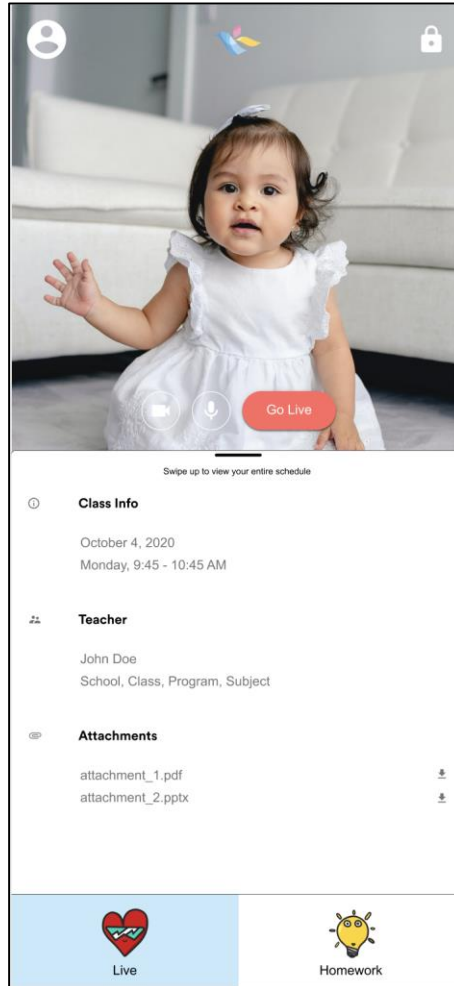

Sign In

Schools that use KidsLoop can have their students download the KidsLoop app from the Google Play Store or Apple Store. Once the school administrator has added that student to their school, students can login and start learning!

Homework Page

Main Pages

The three main pages for students include the home page, live page, and homework page.

- Home Page – After logging in, learners are taken to the home page where they can see their schedule.
- Live Page – On the live page, students can see their class schedule and join a live class.
- Homework Page – On the homework page, students can see and complete assignments.

In collaboration with The Zoological Society of East Anglia, join an interactive virtual world of animal fun and learning through live and self-paced classes.

EXPAND

Learner Profile

The Learner Profile gives a comprehensive view of learner information.

- Name
- Age
- Level
- Completed activities
- Alerts
- Reports
- Recommendations for additional activities

For students who access KidsLoop on the same device, easily switch between profiles to keep track of progress separately.

Live Classes

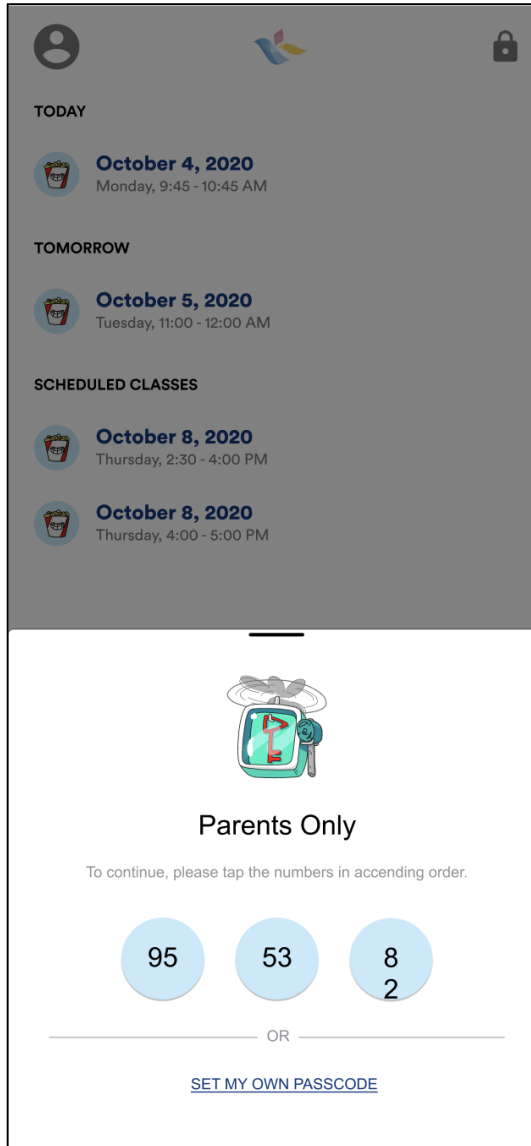

Learners can use the app to directly enter and participate in a remote, live class. Video conferencing allows students to interact with the teacher and with each other. Integrated H5P technology allow students to complete individual interactive activities on their device with teacher supervision.

Homework

Learners can use the app to complete assigned homework activities. A progress bar shows how much of the assigned material is left to complete. Teachers can incorporate awards into assignments so that learners can collect trophies as they complete activities.

Parent Controls

Switch to parent access to edit account information, edit the learner profile, and change the language options.

Reports

Automatically generated reports give parents a comprehensive view of their child's learning journey.
